1. This sheet processes 11 songs/titles total for metadata. If you need to process more submissions, reuse this form for the amount of extra submissions you need. You may list tracks in chronological order of how you would like them arranged within your audio sequence timeline using this sheet as well.
2. Please submit your project artwork at audio@sonicministry.com if you want it to be included within the project file metadata. Please inform of the project title so that there is no confusion.
3. If using to submit metadata for only one song/title, use section "song or asset title no.1" below ONLY.
4. Note: *When submitting your assets please be sure to send your files in the highest quality without clipping, distortion from peaking levels or over equalization. Also be sure to send "wave" or "aiff" audio file types at 44.1khz–96khz; 16–32bit. We reserve the right to refuse service if submitted assets do not meet a professional quality standard. Therefore all submitted assets will go through our quality assurance evaluation (QAE) process.*
5. Please return your completed form to audio@sonicministry.com. Thank you…
